[Intro]

Em Bm C D Em

[Verse]

Where there's a will, there's a way, kinda beautiful  
And every night has its day, so magical  
And if there's love in this life, there's no obstacle  
That can't be defeated

[Verse]

For every tyrant a tear, for the vulnerable  
In every lost soul, the bones of the miracle  
For every dreamer, a dream we're unstoppable  
With something to believe in

[Chorus]

C        G/B        Em  
Monday left me broken  
          C        D                    Em  
Tuesday I was through with hoping  
                  C        D                    Em  
Wednesday my empty arms were open  
                  C    Bm   Am    Em    Em   Bm   Am   D  
Thursday waiting for love, waiting for love  
C                G/B                Em  
Thank the stars it's Friday  
                                  C                D                Em  
I'm burning like a fire gone wild on Saturday  
                                  C                D                Em  
Guess I won't be coming to church on Sunday  
                  C    Bm   Am    Em        Am   Em   Am   D
